

Pressure Control Equipment & Services

CHROMATIC's superior perspective ensures simplified valve and control solutions for drilling contractors and operators.

ChromeDRILL™

Equipment, Fabrication and Services

Today's drilling challenges demand trusted products, expertly designed pressure control assemblies, and immediately accessible services.

OEM Products

- 6A Gate and Check Valves
- Drilling Chokes
- Management Pressure Drilling Valves

Ancillary Tools & Equipment

- Flow Crosses
- Goat Heads
- Drilling Spools, Spacers and Casings
- Risers and Diverter Systems

OEM Assemblies & Fabrication

- Choke & Kill Manifolds
- Standpipe Manifolds
- Choke Control Consoles
- Choke & Kill High Pressure Piping
- Chokes & Choke Control Consoles

Services

- Fabrication & Modification
- Repair & Recertification
- Equipment Aftermarket Support
- 24/7 Choke Monitoring

ChromeSERVE™

Field Services

Highly trained technicians, supported by experienced valve engineers, are positioned to provide a broad range of on-site mobile services.

- Manifold Recertification
- Grease Programs
- 6A Valve Repair & Replacement

ChromeFRAC™

Frac Stack and Manifold Leasing Programs

CHROMATIC stocks and leases frac stacks, manifolds and ancillary equipment to support hydraulic fracturing operations and fluid flowback processes. Supported by the expertise and full-service capabilities of the ChromeSERVE teams, equipment can be designed, assembled and tested to the unique conditions and specifications of any well.

Why Chromatic?

- Engineered valve solutions that reduce downtime & operating costs
- Proven designs and experienced manufacturing capabilities
- Demonstrated innovation and technical leadership
- Technical alliances that deliver best-in-class options
- Customer satisfaction through operational excellence

CHROMATIC is a premier designer, manufacturer, fabricator and distributor of valve, actuation and pressure and well control products and services for the North American energy industry. The Company's 60,000 square foot headquarters and technology center is located in Houston, TX and houses fully equipped engineering, manufacturing, fabrication, and service functions. A 30,000 square foot facility in Jennings, LA, houses the Company's ChromeDRILL™, ChromeFRAC™ and ChromeSERVE™ operations. We are committed to continuously improving our products and services while we strive to protect our employees, our communities and the environment.

Valves / Fabrication / Leasing / Service

Valves & Actuation

CHROMATIC's progressive approach to flow control optimizes production schedules by improving field performance and minimizing downtime.

Chromatic® Mechanical Seal 6D Cartridge Ball Valves - HCV & DOV

- Adaptable to a wide range of process applications: low to high temperatures; clean to dirty service; on-off to control
- Removable "cartridge" simplifies maintenance and reduces downtime
- Direct flange-to-flange replacement for standard ball valves
- Stationary core reduces turbulence and velocity
- Quarter turn operation ensures easy and economical actuation
- Field performance rivals traditional and specialized ball and gate valves
- Ideal in demanding applications: Pipelines, Refining, Mining, and Power Plants

Chromatic® QOC/QOPS Type 6A Gate Valves and Chokes

- Easily integrated into standard manifold and frac stack assemblies
- Manufactured in the USA to API's stringent technical qualifications

ChromeVAC™ Value Added Services

In-house technical expertise, specialized equipment, and controlled processes add value to products and assemblies across sector markets, technologies and brands.

OEM Expertise

- Engineering & Design
- Project Management
- Manufacturing
- NDE & Hydrostatic Testing
- Inspection
- Startup & Commissioning
- Training & Certification

Services

- Fabrication & Modification
- Pups & Extensions

Actuation & Automation

- Pneumatic
- Hydraulic
- Electric
- Electro-Hydraulic

Leveraging valve expertise and operational excellence to service the North American energy industry.

Valve Solutions. Simplified

Pressure Control Equipment & Services

Valves, equipment, fabrication & services for drilling operators and contractors.

ChromeDRILL™

Pressure Control Equipment & Services

- 6A Gate Valves
- Chokes
- Manifolds
- Frac Stacks
- Parts

ChromeFRAC™

Frac Stack & Equipment Leasing

- Frac Stacks
- Gate Valves
- Goat Heads
- Risers & Diverters

CHROMATIC®

Type 6A QOPS Gate Valves

6A valves designed and engineered for performance in high pressure drilling applications

CHROMATIC®

HCV & DOV Cartridge Ball Valves

Ideally designed for molecular sieve applications

ChromeSERVE™ Field Services

Recertification | Greasing | Valve Repair & Replacement

ChromeVAC Value Add Centers
